Interrogation (also called questioning) is interviewing as commonly employed by law enforcement officers, military personnel, and intelligence agencies with the goal of eliciting useful information.

Interrogation - Wikipedia

Many thanks, Koebel. Yes, there is a significant body of international standards on information integrity, many of them with ISO status. There is a high degree of concensus across the records profession, hammered out carefully over the last decade, but the standards are not presently linked to development initiatives.

Stepping Up Our Game: Re-focusing the Security Community on Defense and Making Security Work for Everyone. Since the first Black Hat conference 20 years ago, the security community, industry and the world have changed to the point that it's time to re-examine whether we're living up to our responsibilities and potential.
