

managerial accounting tools for pdf

Chapter 17 is an introduction to managerial accounting. Managerial accounting relates to reporting internal to an organization, and is far less structured than the rules-based system applicable to financial (external) reporting.

Chapter 17: Introduction to Managerial Accounting

One simple definition of management accounting is the provision of financial and non-financial decision-making information to managers. According to the Institute of Management Accountants (IMA): "Management accounting is a profession that involves partnering in management decision making, devising planning and performance management systems ...
