CAREER PATHS: Mapping, Ladders and Lattices

Like children, organizations typically go through different phases. Discover the five phases of the organizational life cycle, from start-up to decline. Organizations go through cycles and phases. After start-up comes growth followed by decline and even failure.

The Five Phases of the Organizational Life Cycle

In our culture, we often shy away from the topic of death. But, where would you turn if your were homeless and dying? Up until two and a half years ago, there was no solution, and an average of 50 homeless people died on our community's streets annually.

Since the mid-2000s, organizational change management and transformation have become permanent features of the business landscape. Vast new markets and labor pools have opened up, innovative technologies have put once-powerful business models on the chopping block, and capital flows and investor demand have become less predictable.

10 Principles of Leading Change Management

In practice: using culture insights to make leadership decisions
Selecting leaders to inject new capabilities.
Executives of a software company transitioning its business model from pure software sales to a combination of software and consulting services were looking to increase the diversity of styles in the management team when hiring a new CFO.

Leading With Culture

As shown in Fig. 1, organizational adaptability is characterized by a core tension between “the need to innovate” and “the need to produce” (Tushman and O'Reilly, 1996).

Leadership for organizational adaptability: A theoretical
