Preface. This dictionary of video game theory is a companion to my book, Half-Real. With the dictionary, I hope to provide a resource for students, researchers, teachers, and game players looking for terminological clarifications and pointers to further reading.

Half-Real: A Dictionary of Video Game Theory

Linguistics is the scientific study of language. It involves an analysis of language form, language meaning, and language in context. Linguistic study was originally motivated by the correct description of classical liturgical language, notably that of Sanskrit grammar, or by the development of logic and rhetoric in ancient Greece, leading to a ...
